It's what we do.  
It's how we do it.  
It's who we are.

**Julie Billiard Schools**  
BEYOND EDUCATION.  
BEYOND EXPECTATIONS.

Julie Billiard Schools offer an individualized whole-child approach to education.

But to our students, **it's simply school.**

Since 1954, Julie Billiard Schools have provided the highest quality education for students in grades K-8 with high functioning autism, ADD/ADHD, dyslexia and other specific learning differences.

 **Classes are taught by licensed intervention specialists**

 **Onsite therapies**

 **Social learning is a part of our daily curriculum**

### **Flexible Learning Environment to Meet Students' Needs**

Classrooms are designed specifically to meet the learning needs of our students. Flexible seating, sound absorbing carpeting, soothing colors, and muted lighting help students focus on the task at hand while also encouraging movement and peer collaboration.

### **Tradition of Faith, Caring and Inclusion**

Opened in 1954 by the Sisters of Notre Dame, Julie Billiard Schools respect all faith traditions. Our namesake's (St. Julie Billiard) passion for children, education and God's goodness is reflected in everything we do.

### **Small Classes**

Julie Billiard Schools maintain a low student-to-teacher ratio of 6:1 in grades K-2 and 8:1 in grades 3-8 so our intervention specialists can adapt their teaching methods to meet the different learning needs of each student.

### **Onsite Therapy**

Speech, occupational, music, art and behavior therapists blend their services seamlessly with our academic and social curriculum.

### **Family Support**

Continuity and consistency are critical for our students' success. We provide families the support they need to ensure a smooth daily transition from school to home. Our communities of parents are also a source of support and strength for one another through organized groups like our Parent Action Committees or through informal gatherings outside the schools.

### **Technology**

State-of-the-art technology can be seen throughout our campuses. ActivPanel smartboards are used for interactive and multisensory learning. Students have access to their own Chromebooks for classroom and at home assignments. Additionally, iPads and iPods are also available for learning purposes.

### **Peer Acceptance**

Students of all abilities are welcomed, accepted, and loved for their individuality, differences and unique talents that they bring to school each day.

### **Tuition Assistance**

Nearly 100% of our students receive some sort of financial support through the Jon Peterson, Autism or EdChoice Scholarships. A tuition forgiveness program is also available for qualifying families.

 **Let's talk more about your child's education.**
